Zeppelin Safe in Hangar After Completing World Flight

HOME TOWN STUFF

A pathetic little story appeared in the papers yesterday. An Oklahoman who had homesteaded a little farm back in 1889, and had struggled through good crop years and bad trying to pay out his little home, and provide a living for his family, finally got his farm on a paying basis. Oil was found, but before he could get any enjoyment from his new financial independence he died, his health having broken under the dual ravages of time and of trying to wrest a living from a stubborn soil. That's the trouble with many businesses, farming as well as other kinds. About the time the debts are paid and there's an assured period of comparative ease and comfort, along comes the collector for the last debt that all of us must pay.

But that part of the story about that farmer working away for forty years, no doubt denying himself many of the ordinary comforts and conveniences, seems to have a queer attraction. Forty years is a long time, and during most of that forty years there has been a political party in power in Washington that has a remedy for every economic ill, just as the old-time, self-trained doctors had a remedy for every ailment of the human body. In the case of the old-time doctors it was calomel. In the case of the political party referred to and the economic troubles of the country it is protective tariff. It is passing strange that after fifty years of failure, there are still fairly intelligent people who believe that a protective tariff will solve the farm problem.

If the Oklahoma farmer who got his farming on a paying basis through striking oil, just before his death, voted the ticket of the party that is still giving calomel, so to speak, he probably deserved to spend his life in hard labor. If he didn't, all honor to his memory. The name of the political party which foists a lot of cheap buncombe on the voters at every election will be furnished to any interested party upon receipt of a request, together with stamped and addressed envelope for return answer. This column will do just that. Address inquiries to Home Town, care Vernon Daily Record.

A head line in the Wichita Falls Record-News extra edition sent here yesterday says "Graf Zeppelin Skirts Wichita." The news item under the heading then reports that the nearest point in this section to Wichita Falls, visited by the Zeppelin, was Memphis something like 140 miles from our principal county seat in Northwest Texas. So after sizing up the whole situation, this column is inclined to the belief that Graf Zeppelin were an old-fashioned hoop skirt, and not one of the modern design, else in order to skirt Wichita she would have had to just practically run up against Wichita. There's no other way to be skirted by a modern skirt. If the Graf Zeppelin had been modernly skirted, she would have probably barked her shins on some of the tall buildings down at Wichita in skirting the city.

Some of our most prominent citizens are predicting rain for this week. Let us hope they know their weather charts.

The first act in connection with the opening of the term of school is that football equipment is to be issued to members of this year's team. Books will be issued a few days later.

The other day a man was heard bragging on his father, long since deceased, and as a sort of clincher to justify his admiration of his sire he declared that his father was the best Jew's harp player in all Middle Tennessee.

ALL MARKS FOR GLOBE CIRCLING ARE SHATTERED

Great Air Liner Lands at Lakehurst Twenty-One Days, Seven Hours and Thirty-Three Minutes After Starting 20,000-Mile Journey.

Naval Air Station, Lakehurst, N. J., Aug. 29. — (AP) — Looping the loop around the world in one of the greatest exploits of flying history, the German dirigible Graf Zeppelin landed to earth at 7:13 o'clock E. S. T., this morning just 21 days, seven hours and 33 minutes after leaving her 20,000 mile journey.

Actual flying time, deducting the time spent on the ground at Friedrichshafen, Tokyo and Los Angeles, the only three stops that were made, was 11 days, 23 hours and 14 minutes, both flying and elapsed times breaking all previous records.

The last leg of the flight from Los Angeles was completed in 51 hours and 59 minutes.

The previous record for elapsed time around the world was made last year by John Henry Mears and C. E. D. Collyer, who used planes over land and ships across the Atlantic and Pacific. Their time was 23 days, 15 hours and 21 minutes.

The only previous flight around the world in any sort of air craft was made in 1924 by the United States Army flyers. They took 175 days to get around, of which 15 days and six hours was spent actually in the air.

The weather was perfect as the Graf Zeppelin reached the end of the first flight around the world of a lighter-than-air ship. A warm morning sun shone on the great bag's silver sides as it floated in from the north after a visit to Manhattan. Lazily it circled over the field, a crowd of some 5,000 persons ranging along the ground to be close at the landing, and pointed its nose downward.

ASSEMBLY MEET IS OPENED HERE

NORTHWEST TEXAS SESSION
OF ASSEMBLY OF GOD
OPENS HERE TODAY

Rev. H. M. Caldwell of Grand Prairie preached this morning in the opening services of the quarterly Northwest Texas and New Mexico district convention of the Assembly of God Church held here today and tomorrow. Routine business occupied most of the afternoon, and Evangelist A. F. Gardner of Caldwell will deliver the evening message. Mr. Gardner is conducting a series of revival meetings at the local church.

Appearing on the program for tomorrow will be several visiting preachers and evangelists, according to this morning. Rev. McDonough and F. A. Tolar of Wichita Falls arrived today to attend the convention. E. B. Crump of El Paso, Rev. Savage of Burkburnett, and Rev. Tolar of Seymour were expected to arrive tomorrow for the services. Rev. Caldwell will have charge of the day services with Rev. Gardner officiating at the evening worship.

The revival meeting, which has been in progress for the past three weeks, will close next week.

DAWES TALKS ARMS LIMIT PLAN WITH M'DONALD

London, Aug. 29. — (AP) — Ambassador Dawes, smoking his famous pipe, strolled over to Downing Street today for a further conversation with Premier MacDonald on the question of naval affairs.

In well-informed quarters considerable satisfaction was expressed with the excellent progress reported to have been made in the Anglo-American negotiations to secure naval reduction. There was said to be reason to believe that an agreement between Great Britain and the United States on a formula for reduction may be achieved within the next ten days.

FINISH PAVING PROJECT IN HARDEMAN COUNTY

Marking the completion of paving work on the Colorado-Gulf Highway in Hardeman County, the final concrete that connected the newly laid pavement west from Quanah to the Childress County line to the city paving was poured about 8 o'clock last night, according to John B. Nabers, engineer for Wilbarger and Hardeman counties.

Highway No. 5 is now paved all the way across Hardeman County, with the exception of a gap of about 1,500 feet within the city limits of Quanah. This is to be paved by the city, and work will be started soon.

Approximately 31 miles of concrete was laid in paving Highway No. 5 across the county, and when the gap within the city of Quanah is completed, there will be about 33 miles of continuous paving across the county.

Work on the project west of Quanah was started on May 17, the stretch from the Wilbarger County line to Quanah having been completed earlier. The new paving west of Quanah is open to traffic from the Childress County line to Acmé, and the remainder will be opened about Sept. 18.

C. F. Lytle of Sioux City, Iowa, was the contractor on the project.

POWERS AGREE ON EVACUATION

WITHDRAWAL OF TROOPS
FROM RHINELAND AWAITS
FINAL APPROVAL

The Hague, Netherlands, Aug. 29. — (AP) — After nearly four weeks of hard labor, the Hague reparations conference today reached a definite decision on Rhineland evacuation, which is still dependent, however, on final agreement on the Young plan.

On a report of Foreign Secretary Henderson of Great Britain, the political committee today decided evacuation must begin at once, that it must be terminated as far as concerns the Belgians and British and the second French zone within three months after adoption of the Young plan and that the last zone of occupation, the bridgehead at Mainz, must be cleared of foreign troops before the end of June, 1930.

This decision fell a little short of German desires. The Germans held out long and strongly for earlier liberation of the occupied territory. They wanted to be able to celebrate complete evacuation by Christmas, but it was contended by the French it would be physically impossible to get all French troops away so quickly.

MAN WOUNDED BY OFFICER AT HOUSTON IMPROVING

Houston, Aug. 29. — (AP) — Allen Howard, 24, was in an improved condition today at a hospital here after being shot in the shoulder yesterday by W. H. Crook, Federal narcotics inspector.

The shooting occurred yesterday when Crook, with W. J. Patterson, another narcotics agent, attempted to arrest a man suspected of peddling narcotics. The suspect reached for a gun and Crook fired at him, the bullet going wild and striking Howard, Crook said.

No charge was filed.

THREE PRISONERS ESCAPE FROM JAIL AT LOCKHART

Lockhart, Aug. 29. — (AP) — Three white prisoners escaped from the Caldwell County jail here last night and were still at large today.

The men tore a hole through the brick wall of their second story cell and slid to the ground on an improvised rope made from blankets. Outside assistance was given, it was believed.

Last night's escape was the third this year.

WALTER CAMP AND RUTH ELDER TO WED FRIDAY

New York, Aug. 29. — (AP) — Walter E. Camp, Jr., has announced his marriage to Miss Ruth Elder will take place in New York tomorrow.

"Where the wedding will be is our business," he said, "and where we will spend our honeymoon also is our business."

QUIET RESTORED AS TROOPS TAKE CHARGE IN EAST

Arrival of Greatly Increased
British Forces Has Effect of
Restoring Calm in Many Parts
of Palestine, Though Arabs
Are Still Restive.

Jerusalem, Aug. 29. — (AP) — Rioting in Jerusalem was ceasing today with the steady arrival of British troops, but guerrilla warfare was in progress in Jewish colonies where Arab raiders were burning houses and granaries.

As the situation came under control within the larger cities today, there was still fear of a further spread of Moslem disorders in the remoter regions.

There was even one unconfirmed report that Arabs in Nabulus, central Palestine city, had declared their independence from England and had raised the Turkish flag.

British forces, however, have been occupying most of the Jewish colonies, and the colonists are evacuating the places where troops cannot be sent. Most of the refugees are flocking to Tel Aviv.

Sir John Chancellor, High Commissioner, arrived in Jerusalem this morning after a visit to England. A Jewish delegation immediately went into conference with him.

Rumors were circulating today on an incipient movement by the Arabs at Tiberias on the Sea of Galilee, Gaza and in Trans-Jordan. As troops continued to arrive, however, confidence was felt that every movement could now be checked.

British civilian volunteers in Jerusalem have been under arms since Friday night and are being relieved by the regular troops.

British repressive efforts were not without casualties to the British themselves. Several soldiers were killed, the correspondent of the Jewish telegraphic agency reported, when a convoy proceeding toward the Jewish colony of Kastania was attacked. All members of the Jewish party under convoy were said to have been wounded. The Arab village near Kastania was burned in reprisal.

The most serious disorder reported yesterday was at Haifa, where bluejackets from the battleship Barham and British airplanes put down an Arab uprising. Arabs entered Arab Yabud, Jewish quarter of the city, assaulting the Jews and rioting. The situation looked serious until the landing party appeared and opened fire. Thirty Arabs were arrested, and their rifles confiscated.

The threat of a general Bedouin uprising in consequence of the disorders in Palestine was held to continue and gave rise to considerable fear in many sections. British airplanes continually scouted the hill country and dispersed Bedouin gatherings.

EXTRADITION OF WALKER ASKED

BORGER OFFICIALS ARRIVE
IN DENVER SEEKING
NOTORIOUS BANDIT

Denver, Colo., Aug. 29. — (AP) — Four Borger, Texas, officials have arrived here to seek from Gov. W. H. Adams the extradition of William J. (Whitely) Walker, wanted in the Texas city on several charges.

The officers were Henry D. Meyers, county attorney, Sheriff Owenby, Deputy Sheriff C. S. Baird and Glen Place, Borger City Commissioner.

DRILLING CONTRACTOR SLAIN IN OKLAHOMA CITY

Oklahoma City, Aug. 29. — (AP) — Lew Watson, 39, of Oklahoma City, a drilling contractor, was shot and killed in a basement lunch room in the downtown business district today.

Jim Dupree, operator of the lunch room, was arrested. The shooting was believed to have resulted from a drunken argument.

MEXICAN AIRMAN STARTS LONG GOOD WILL FLIGHT

Mexico City, Aug. 29. — (AP) — Taking off from Valbuena airfield early this morning, Pablo Sidar, Mexican airman, who played a heroic role during the Escobar revolution, started a long goodwill flight which will take him to all countries of Central and South America and Cuba.

POWER PROBE IS CONSIDERED BY SENATOR COUZENS

Washington, Aug. 29. — (AP) — Prospects of a widespread inquiry by the Senate Interstate Commerce committee into the power industry as well as into all forms of communication is foreseen in terms of a resolution adopted by the Senate shortly before adjournment last June.

The resolution authorizes the committee to inquire into "the transmission of power by wire or wireless." On the basis of that authority, Chairman Couzens is contemplating a thorough going investigation.

While it is not his intention to go over the field recently covered by the Federal Trade Commission in its study of the financial operations of the public utility power interests, he is considering having hearings with a view to preparing legislation to meet the situation found in the Trade Commission inquiry.

Some surprise was expressed at the capital at this feature of the resolution, offered by Senator Couzens several months after the committee had begun studying conditions in the radio industry and other modes of communication.

Senator Couzens contemplates calling the committee together about the middle of next month to consider plans for resuming the investigation on a wider scale. A bill by Senator Couzens proposing a Federal communications commission is the subject matter before the committee on which the hearings are to be held.

THREE DIE IN NEW YORK FIRE

ELEVEN OTHERS INJURED AS
BLAZE SWEEPS THROUGH
APARTMENT HOUSE

New York, Aug. 29. — (AP) — Three persons were killed and eleven were injured today in a fire in a four-story tenement house on the lower west side.

Fire Lieutenant Michael Coyle swung from an adjoining house, while held by two other members of his company, and rescued Moritz Brunwasser, 48, trapped on a third floor window sill with the flames at his back.

Charles Hollander, 65, who lived on the top floor, was killed when he leaped to the back yard. The bodies of Mrs. Sophie Brunwasser, 46, and her 16-year-old son, were found in their third floor apartment. Their deaths were caused by smoke and burns.

FIRE WRECKS MATTRESS FACTORY IN SAN ANTONIO

San Antonio, Aug. 29. — (AP) — A fire of unknown origin damaged the Rubia Bedding Company of San Antonio, to the extent of approximately \$20,000 and threatened adjoining buildings today.

A passenger train was delayed 20 minutes on the Southern Pacific tracks when flames swept across the right of way.

The building and contents, including cotton and machinery, were destroyed.

CISCO MAN KILLED IN AUTOMOBILE ACCIDENT

Lubbock, Aug. 29. — (AP) — An automobile bearing representatives of three generations of the Cozart family overturned yesterday near Lamesa, killing one person and injuring six others, one seriously.

L. E. Cozart of Cisco lost his life. His grandson, Spurgeon Cozart, suffered grievous hurts. The other victims were Robert, Arthur and J. W. Cozart, sons of the dead man and two of J. W. Cozart's sons, Oris and Noble, brothers of Spurgeon.

WEED CHOPPER STRIKES DYNAMITE AT WICHITA

Wichita Falls, Aug. 29. — (AP) — A perilous blow with a weed hoe, the authorities believed, may inadvertently have dug up a clue leading to a series of safe blowings here.

A laborer whose name was not announced struck six pounds of dynamite yesterday. There was no explosion. But Chief of Police Frank Burns said there might be a repercussion in connection with the safe crackers.

BRITISH WOMAN FLYER HURT IN PLANE CRASH

Mechanic Riding With Lady
Heath When Plane Nose-Dives
To Ground Also Injured, but
Not Seriously—Accident Not
Explained.

Cleveland, Aug. 29. — (AP) — Lady Mary Heath, famous British aviatrix, was injured critically here today in the crash of an airplane through the roof of a factory.

Rushed to Emergency Clinic Hospital, Lady Heath was found to have probably a fractured skull, a long cut in her scalp, other cuts on many parts of her body, and probably numerous broken bones and internal injuries, doctors said.

Irwin Kirk, 28, a Cleveland airplane mechanic, who was riding with Lady Heath, also was injured, but not seriously.

Lady Heath and Kirk had been riding high above Cleveland when for some unexplained reason, the plane nose dived into the roof of the Mills Company, on Cleveland's east side, a two-story factory building. The plane burst through the roof and came to a stop inside the building, a twisted piece of wreckage.

MAIL PLANE IS FORCED DOWN

CAPTAIN EAKER ABANDONS
TRIP WHEN OIL CAN DROPS
TROUGH WING

Cleveland, Ohio, Aug. 29. — (AP) — The trans-continental mail plane Shuttle was forced down when struck by a 5-gallon can of oil during a refueling contact here last night while on a return flight from New York in an attempt to establish a record for sustained and linear-distance flying.

Captain Ira K. Eaker, pilot, immediately made an effort to secure permission to re-attempt the flight. The plane was undamaged, and neither Eaker nor his co-pilot, Lieut. Bernard Thompson, was injured. Eaker said he brought the plane down under the impression an oil line had broken when the can, ripped in a fall from the refueling plane, began spilling oil into the cockpit.

JAIL BREAK AT LUFKIN FRUSTRATED BY PASSERBY

Lufkin, Aug. 29. — (AP) — A jail break here today was frustrated by a passerby who detected prisoners sawing the outside bars of the Angelina County Jail. An investigation revealed that six prisoners had sawed their way out of their cell and were attempting to escape from the run-around by sawing bars on outside windows. Several hack saws and billies fashioned out of the legs of chairs were found in possession of the prisoners.

VERNON PEOPLE ATTEND CROWELL ROTARY MEET

Mr. and Mrs. E. W. Hampton, Jr., Huggins, George H. Wilson, Jr., and R. H. Nichols were in Crowell last night to attend a special meeting of the Crowell Rotary Club. District Governor Bernard Bryant of Stamford was the principal speaker.

The meet was attended by representatives of Vernon, Quanah and Crowell Rotary Clubs.

M'ALLEN MAN DROWNED WHILE WALKING IN SLEEP

McAllen, Aug. 29. — (AP) — Leonard Levermann, 23, son of Mr. and Mrs. Frank Levermann of San Juan, Texas, was drowned last night in a canal near the family home while apparently walking in his sleep. Relatives heard a door slam about 11 p. m., and several hours later Levermann was missed and a search instituted.

ECKENER IN WASHINGTON TO CONFER WITH HOOVER

Washington, Aug. 29. — (AP) — Dr. Hugo Eckener, commander of the world girdling Graf Zeppelin, arrived here today to pay his respects to President Hoover and greet other high officials of the American Government.

THALIA CHOSEN BY BAPTIST FOR NEXT MEETING

The quarterly convention of the Wilbarger-Foard Baptist Association, meeting with the Oklaunion Baptist Church this week, came to a close at noon today following a period of reports and regular business routine this morning. More than 200 delegates have attended the convention which opened Tuesday. The Vernon Baptist Church was represented by several elected delegates and a group of non-official visitors.

Reports on Sunday School, B. Y. P. U. and W. M. U. work occupied most of the morning. Rev. Foster Russell, pastor of the Margaret Baptist Church, rendered a report on Sunday school work throughout the association. The B. Y. P. U. report was rendered by J. H. Garrett, educational director of the Vernon Baptist Church. Mrs. Henry Hays of Vernon reported on the Woman's Missionary Union work over the association. Special reports from various churches in the association were heard. The convention was officially adjourned after the discussion and passing of several resolutions.

The next convention will be held with the Thalia Baptist Church, according to a decision reached this morning in a business conference. Delegates to the State Baptist convention, held at Beaumont in November, and to the Southern Baptist Convention, held at New Orleans next May, were elected at this time. Rev. Cooper of Oklaunion was named as a delegate to the state convention and Rev. Woodie Smith, pastor of the Crowell Baptist Church, was elected to represent the association at the Southern Convention. The next workers council for this district will be held with the Harmony Baptist Church, it was decided this morning.

The newly elected executive board, composed of Dr. E. F. Lyon, chairman-moderator, Rev. Frank McNair, clerk, and Roscoe Rainwater, treasurer, met this afternoon at 1:30 at Oklaunion for their first conference. They were elected yesterday morning in a business session.

SIX GANGSTERS ARE INDICTED

STATE PROSECUTOR STARTS
WAR AGAINST WHAT HE
TERMS BOMB TRUST

Chicago, Aug. 29. — (AP) — A grand jury here today indicted six individuals in connection with the Chicago "bomb trust." State's Attorney John A. Swanson ordered the arrest yesterday of six men who he charges are leaders in the "trust."

Those named in true bills to be returned before Chief Justice Sullivan were: James Belcastro, designated as head of the gang, and one of those questioned in connection with the primary election day slaying of the negro lawyer, Octavius Granady, April 10, 1928; Angelo Lucel, recently acquitted on a murder charge; Mike Casselli, Stephen Fricker, the latter's 14-year-old son, Vito, and Gus Flocca.

GOVERNMENT SUES REBELS FOR COST OF REVOLT

Mexico City, Aug. 29. — (AP) — General Gonzalo Escobar, Francisco R. Manzo, Fausto Topete, Juan Gualberto Amaya, Marcelo Caraveo, Francisco Urbalejo, Roberto Cruz, Ramon Yucupiel and others including several former congressmen are named in the damage suits for 103,000,000 pesos lodged by the Government in the courts at Nogales and Vera Cruz according to special newspaper dispatches.

The suits are to recover the alleged cost to the Government of putting down the recent revolution in which the defendants allegedly were leaders, and most of their property in Mexico has been seized to hold as guarantee of payment.

MAN FOUND DEAD IN OIL FIELD NEAR SEGUIN

Seguin, Texas, August 29. — (AP) — A. T. Gentry, 50, believed to have been gassed while working on a tank, was found dead yesterday in the Darst Creek oil field 10 miles east of here. He had been dead some time when his body was discovered.

BARGAINING BY POWERS SOLVE LONG DEADLOCK

Full Session of All Nations Represented at Conference Will
Be Held Tomorrow To Conclude
Official Business of
Lengthy Session.

The Hague, Aug. 29. — (AP) — The creditor powers and the Germans reached an agreement on the Young reparations plan at the Hague conference this afternoon.

A full session of all the powers represented at the conference will be held at 10 a. m., tomorrow to conclude officially the business for which they met on August 6. The agreement came after weeks of arduous negotiations which many times seemed on the point of failure. It was only by tenacious bargaining that the "conference to end conferences," as the Hague reparations meeting was originally described, escaped deadlock and disaster.

LOANS ASSURED GRAIN FARMERS

PROMISE OF IMMEDIATE
RELIEF MADE BY FARM
BOARD CHAIRMAN

Chicago, Aug. 29. — (AP) — Immediate financial relief for grain farmers through loans by the Federal Farm Board on unpledged grain which has already been used as collateral for loans from Federal intermediate credit banks was the promise made today at the close of the grain marketing conference by Alexander Legge, chairman of the farm board.

Legge asserted the board would loan 10 cents a bushel on such grain to members of Farmers' cooperatives. The meeting adjourned without adopting any definite plans for the proposed National Grain Marketing Corporation.

The sub-committee of three, appointed to draft plans for the corporation, was ordered to continue its work after tentative plans submitted yesterday had been refused.

The sub-committee, however, were optimistic and said they believed they were on the right track toward organization of a corporation which would meet with the approval of both the Federal Farm Board and the cooperatives. Whatever plans they draft will be submitted to George Farrand, general counselor for the farm board, who will pass on their legality under the agricultural marketing act.

GERMANY HEARS DETAILS OF END OF GRAF'S FLIGHT

Berlin, Aug. 29. — (AP) — Breathless attention with which all Germany has been following the Graf Zeppelin's progress across the United States on the final leg of her world cruise, reached its climax early this afternoon when the safe landing at Lakehurst was broadcast by radio throughout the country.

A wireless relay by way of Schenectady, N. Y., describing details of the approach and landing of the airship enabled listeners to follow the details, the cheering crowds and the many military commands being plainly audible.

RUTH ELDER AND WALTER CAMP WED IN NEW YORK

New York, Aug. 29. — (AP) — Walter Camp, Jr., president of Inspiration Pictures, Inc., and Ruth Elder, flyer and motion picture actress, were married at noon today in the municipal chapel by City Clerk Michael J. Cruise.

Only two members of Cruise's staff, a clerk and a stenographer, were present as witnesses.

CHARLIE PADDOCK TO WED NEW YORK GIRL SOON

Cleveland, Aug. 29. — (AP) — Charlie Paddock, sprinter, and Miss Madeline Luberty of New York, today announced their intentions to marry "sometime soon." They met in Honolulu in 1922 when Paddock was running in an athletic meet. She is 21.

NAVY BLIMP IS USED IN NOVEL AERIAL STUNT

Passenger Is Transferred From Dirigible Los Angeles While Two Ships Fly Over Cleveland Airport, Scene of National Air Carnival.

Cleveland, Ohio, Aug. 29.—(P)—A novel stunt was performed at the Cleveland airport, the Navy dirigible Los Angeles being used to transfer a passenger from a dirigible to an airplane while in flight.

The maneuver was performed before 100,000 spectators at the National air races yesterday. The two dirigibles made the first public demonstration of a "handing" in mid-air during the maneuver when Lieut. A. W. Gordon of the Navy engaged a Hawker stretched between two up-rights on the top wing of his plane to a hook attached to a ladder of metal gliders lowered from the keel of the Los Angeles. After contact, Lieut. Calvin Boldest of the Los Angeles crew descended to the plane.

The maneuver climaxed the greatest display of aerial activity yet seen at the races. During the day two cross-country sorties arrived, three were demonstrations of military warfare by Army and Navy pursuit planes, and bombers, the largest glider contest ever staged in the United States was held, and Col. Charles A. Lindbergh again stunted for the spectators.

The expected arrival of the Graf Zeppelin led 50,000 at the airport until long after the last event, but the crowd did not see the ship until almost midnight. The Graf cleared the city and airport several hours later than it had been expected to pass over Cleveland, and flew immediately toward Lakehurst.

Loren W. Mendell was thought to be the winner of the derby from Oakland, Calif., but official results will not be made known until a new computation is made of elapsed time made by the three flyers who finished. Joe Barrows of Oakland, placed second in unofficial ratings and J. C. Donaldson of Newark, N. J., third. Ernest Williams of Greenville, S. C., won the Philadelphia derby in the heavy plane division and J. Wesley Smith of Philadelphia led the light plane class.

SENATE DEMOCRATS READY FOR TARIFF CHANGE WORK

Washington, Aug. 29.—(P)—Senate finance committee Democrats were ready today to go forward with consideration of amendments to the Republican tariff bill in preparation for the bitter controversy that will move next Wednesday from the field of public statements to the Senate floor. They had before them the final draft of the bill which will be presented by the committee Republicans as the product of their work through the summer rewriting the House version. They also had available special studies of various proposals in the measure made for them by experts.

The expected advance publication of the committee majority report on the bill, however, had been postponed until next Tuesday. The Democrats had counted on having this available today or tomorrow for consideration before deciding whether to present a minority report.

Brought into the open in its final form, the majority bill showed only a few important changes not already disclosed to the public. It incorporated, however, a fresh outburst of criticism from Democratic and Republican independent opponents of the legislation.

Senator Harrison, Democrat, Mississippi, said it was "even worse than when it was passed by the House."

Senator Nye, Republican, North Dakota, expressed opinion on tariff legislation at all would be better than this proposal. Senator Wheeler, Democrat, Montana, bitterly assailed removal of proposed manganese rates, saying it would force mines in his state to close.

GRAF ZEPPELIN LOG

(By The Associated Press)
(Eastern Standard Time)
Wednesday, Aug. 27: 11:39 p. m.—Left Lakehurst, N. J.—for Friedrichshafen.
Thursday, Aug. 28: 7:33 a. m.—Landed at Friedrichshafen, completing the trip of 4,200 miles in 55 hours, 24 minutes.
Wednesday, Aug. 28: 10:24 a. m.—Left Friedrichshafen for Tokyo.
Monday, Aug. 29: 4:27 a. m.—Landed at Kasumigaura airport, completing trip of 8,800 miles in 101 hours, 53 minutes.
Friday, Aug. 29: 1:18 a. m.—Left Kasumigaura for Los Angeles.
Monday, Aug. 29: 9:11 a. m.—Landed at Los Angeles, completing flight of about 5,500 miles in 78 hours, 55 minutes.

Tuesday, Aug. 27: 1:15 a. m.—Left Los Angeles for Lakehurst N. J.
7:53 p. m.—Passed El Paso, Texas.
Wednesday, Aug. 28: 10:39 a. m.—Kansas City, Mo.
5:25 p. m.—Chicago.
9:49 p. m.—Detroit.
11:13 p. m.—Cleveland.
11:57 p. m.—Akron, Ohio.
Thursday, Aug. 29: 12:46 a. m.—Newcastle, Pa.
3:04 a. m.—Bellefonte, Pa.
6:02 a. m.—Reached New York.
7:53 a. m.—Landed at Lakehurst.

Trial Delayed
Fairfield, Aug. 29.—(P)—Owing to the absence of court papers demanded by John P. Gao, counsel for Larry Melmont, boxing promoter, the contempt trial of William McCraw, District Attorney of Dallas County, was delayed until this afternoon.

CHINA FAMINE AREA SPREADS AS CROPS FAIL

There Is Little Prospect of Relief for Starving Millions This Fall in Light of Statistic Compiled—Rainfall Below Average.

Canton, Aug. 29.—(P)—There will be little relief for China's starving millions this fall if the crop statistics are correct in their calculations. This will be especially true in the South China provinces of Kwangsi and Kwangtung, where the principal crop, rice, is below normal. There are 40,000,000 people in the provinces and the normal rice crop is about 4,000,000 short tons.

Spring rainfall this year was 20 per cent less than average in Kwangsi and Kwangtung, so the farmers have passed through one of the most serious droughts in 50 years. Large provincial cities depending on rain for their water supplies have faced serious shortages of the previous flood and even the British Colony of Hongkong endured a two month's dry spell that drained every reserve reservoir. Thousands went thirsty and water was shipped in from Shanghai and Macao by chartered steamers.

Back in the interior conditions were worse. And now the Chinese farmer is wondering where his winter provisions are coming from. To satisfy the city consumers, merchants throughout South China contracted for September deliveries of rice from Singapore, Siam, and Indo-China. It is also anticipated that there will be a substantial increase in American wheat flour imports, although money spent on luxuries and foreign made goods will be less than last year.

Estimates of the first rice crop place the yield at between 20 and 40 per cent of normal. Coupled with a fact that there was a 70 per cent reduction in the yield of the second rice crop last fall, due also to drought, the shortage this year will have serious consequences.

Rice farmers near rivers and canals resorted to irrigation and in their fields the crop is practically assured. Such fields, however, are few and far between and the crop they produce will be small compared with the amount needed.

The most lamentable fact about the situation is that the farmer will need two or three years to recover, meaning that 1930 and 1931 are good years. The majority are too poor to carry reserve seed and they farm year after year, trusting to luck that they will produce enough grain to furnish food for the winter, need for the next planting, and, if extremely lucky, a surplus for sale.

Youth To Explain Details of Tyler County Slaying

Woodville, Aug. 29.—(P)—Details of Tyler County's most gruesome slaying were expected to be unfolded here tomorrow at the preliminary hearing of Joe Peck, 19-year-old farm hand, charged with murder in connection with the death of Emma Womack, the youth's 35-year-old sweetheart.

The woman's body, stripped of nearly all clothing, was found last Sunday night in a wooded ravine near Fred, a community not far from Woodville. The head had been crushed from the blow of a pine club.

A search for the woman was instituted after she had disappeared Aug. 16, and it had been rumored Peck had quarreled with her.

Shortly after the finding of the body, the youth was arrested at the home of Alvin Jefferson, for whom he worked. At first, according to Sheriff H. B. Ogden, Peck denied knowledge of the crime, but later confessed to killing Miss Womack after she had broken a marriage contract with him.

The woman, who was employed on a farm near Fred, had no relatives in this section, as far as could be learned. Besides his mother, Peck neither had any kin residing here.

Arthur Whitehead and Pedro Fernandez removed the truck, rode it down, one after the other, into the kitchen and made a clean getaway.

A third prisoner, Charles McBride, under a 25-year sentence and awaiting action on his appeal, wanted to spread the alarm, but was too large to ride the elevator. So he awoke a fourth, who was in for a plain drunk, and the latter followed Whitehead and Fernandez out.

Rushing upstairs, he found a deputy and broke the sad intelligence. The men had not been found.

ONLY ONE JUROR LACKING FOR HELMS SANITY TRIAL

Eastland, Texas, Aug. 29.—(P)—Only one juror remained to be selected for the Henry Helms sanity trial here when court was recessed at noon today.

Record classified ads being resub.

TEXANS CITED FOR BRAVERY IN WORLD WAR

Pierre F. Higgins of Fort Worth and Emde H. Wright of Peacock Are Awarded Silver Stars for Gallantry in Action Over Sea.

Washington, Aug. 29.—(P)—Award of silver star citations to two Texans, Pierre F. Higgins of Fort Worth and Emde H. Wright of Peacock, for gallantry in action during the World War was announced today by the War Department.

Higgins, formerly a captain in the medical corps, attached to the Sixth Infantry, Fifth Division, was cited for rendering first aid to two wounded under heavy enemy machine gun and artillery fire in the St. Mihiel and Meuse-Argonne offensives.

Wright, formerly a private in Battery E, Twentieth Field Artillery, Fifth Division, was cited for great courage and devotion to duty by going through heavy enemy fire over the gasped area near Thionville, France, to lead a battery combat train was bringing up ammunition.

Despite an increased cotton acreage production probably will be less than a year ago. August 1 figures indicate production in the eleven Federal Reserve districts will reach 5,672,000 bales as compared with 5,401,000 in 1928.

Ranges and livestock in the district remain in good condition although some sections and many localities suffered from dry weather.

The cattle market, after showing some strength during the first week of July, reflected an almost steady decline to the middle of August, nearly all classes sharing in the decline.

James and Jet Howard of Tolbert submitted to tonsil operations at a local hospital this morning.

Mrs. Emma Enell, of Sanger, is visiting in Vernon as a guest of her cousin, Mrs. A. F. Hope.

Miss Lucile Brown, of Wichita Falls, is visiting in Vernon with her mother, Mrs. Stacie Brown.

Miss Nannie Bradley, of Hillsboro, is visiting in Vernon as a guest of Miss Ila Clark.

Miss Mabel Holmes, of Shamrock, left this morning after a brief visit here with Mrs. A. J. Schell.

Mrs. D. F. Robertson, of Wichita Falls, who has been visiting in Vernon with her sister, Mrs. A. F. Hope, returned home yesterday.

Mrs. J. T. Hall and daughter, Miss Dorothy Lynn, returned yesterday from Amarillo, where they visited relatives for several days.

Miss Mary Barnett returned home last night from California, where she has been spending the summer with relatives.

Mr. and Mrs. R. P. Williamson have returned from a two week vacation with relatives in Tulsa, Okla., Oklahoma City, Henryetta, and Bartlesville, Okla.

Mrs. J. H. Holloway, Herman Holloway and Mrs. Leonard Clark and son, Leonard Jr., left yesterday for a visit with relatives in Mineral Wells.

Miss Bernice Goldstein, of Vernon, is visiting in Parks, Texas, with Miss Jean Thompson. She will also visit with Miss Betty Beard in Breckenridge before returning home.

Miss Eva Lou Stephens returned home Tuesday from Greeley, Colo., where she has been attending the Colorado State Teachers College. Miss Stephens also spent several weeks in Manitou and Denver, Colo., during the summer.

Misses Electra Miller and Ina Smith returned home last night from Canyon, where they have been attending school at West Texas State Normal College. They visited friends in Cleburne a few days on route home.

Mr. and Mrs. J. B. Morris and daughter, Miss Lorena, have returned from Boulder, Colo., where they have been spending the summer. Miss Morris attended summer school at the University of Colorado.

Mr. and Mrs. A. O. Colley and daughter, Dorothy, have returned home from a vacation in Texas cities. Dorothy visited about six weeks with her sister, Mrs. B. R. Hunley, in Houston, while Mr. and Mrs. Colley visited a week in Mineral Wells, Dallas, and Waco.

Mr. Wright suffered the loss of his left hand and foot when his shotgun went off unexpectedly as he attempted to step from his automobile in front of the lumber company's plant Monday afternoon, according to employees of the lumber yard. Although no one witnessed the accident and Mr. Wright has made no statement regarding it, it was thought that the gun was discharged when it struck the ground. Mr. Wright was rushed to a hospital where it was necessary to amputate his foot and hand.

CROP SHORTAGE IS EXPECTED

FEDERAL RESERVE REVIEW OF CONDITIONS FORECAST LOWER YIELD

Dallas, Aug. 29.—(P)—Continued deficiency of rain in Northern Texas, Southeastern Oklahoma and portions of Northern Louisiana has had an adverse effect on growing crops, the monthly Federal Reserve Business Review released today said.

"Frequent showers in the Southern third of Texas, while beneficial to some crops, were detrimental to cotton," the report said. "On the other hand heavy rains recently in portions of Northwest and West Texas, the Southern half of New Mexico and the Southeastern Arizona, and scattered localities elsewhere, have brought about a considerable improvement of crops in those sections. Much rain, however, is needed in some portions."

The review said that while the cotton crop has improved in some sections, in others it has deteriorated because of the lack of moisture. This year's production was estimated at 86,796,000 bushels, 5,217,000 bushels greater than on July 1 and compared with an actual production of 99,142,000 bushels in 1928.

Despite an increased cotton acreage production probably will be less than a year ago. August 1 figures indicate production in the eleven Federal Reserve districts will reach 5,672,000 bales as compared with 5,401,000 in 1928.

Ranges and livestock in the district remain in good condition although some sections and many localities suffered from dry weather.

The cattle market, after showing some strength during the first week of July, reflected an almost steady decline to the middle of August, nearly all classes sharing in the decline.

James and Jet Howard of Tolbert submitted to tonsil operations at a local hospital this morning.

Mrs. Emma Enell, of Sanger, is visiting in Vernon as a guest of her cousin, Mrs. A. F. Hope.

Opening: Jan. 13.87; Mar. 13.29; May 13.55; Oct. (old) 13.85; Oct. (new) 13.67; Dec. 13.62.

New York, Aug. 29.—(P)—The cotton market opened steady at a decline of 1 to 2 points under liquidation. October traded up to 13.80, December 13.20 and January 13.15, or 23 to 24 points above the lows. At mid-session the market was very steady and at the highs.

Considerable short covering developed under pressure of the demand. October traded up to 13.80, December 13.20 and January 13.15, or 23 to 24 points above the lows. At mid-session the market was very steady and at the highs.

After showing net declines of about 11 to 15 points offerings tapered off and a little more buying developed on reports there had been only light showers in the southwest and the outlook for nothing more than some additional showers in southwestern parts of Texas. The buying became more active after the publication of a private report placing the condition of the crop at 59 and the indicated yield at 14-16,000 bales.

At mid-day the market was firm with December selling at 13.15 and March at 13.42, or about 9 to 12 points net higher.

Dec. 13.72 13.56 13.72-74
Opening: Jan. 13.81; Mar. 13.23-24; May 13.54-55; Oct. 13.80; Dec. 13.50.

New Orleans, Aug. 29.—(P)—Following an irregular opening the cotton market worked slightly lower under selling induced by disappointing cables and reports of showers in Western Texas.

First trades showed 2 to 3 points decline, as October and January sagged at an advance of one point for December. Subsequent selling carried October off to 13.54, December 13.56, and January 13.53, or 10 to 12 points below yesterday's close. At the end of the first hour the market was quiet and at the lows.

The market rallied rather sharply during the second hour on active speculative buying said to be based on a private report making condition of the crop 59 per cent of normal.

Ernest C. Cox of Corsicana Heads American Legion

Port Arthur, Aug. 29.—(P)—Ernest C. Cox of Corsicana, Texas Representative in the Forty-first Legislature, was elected commander of the Texas Department of the American Legion here Wednesday. Mr. Cox was chosen over Ben J. Dean of Breckenridge.

Austin was chosen as the meeting place of the 1930 convention at the closing session.

The state capital was chosen on the first ballot, winning over Waco and El Paso, both cities putting up strong bids for the meeting.

Eighteen dolls entered in Vernon Film Contest

Eighteen entries in the "Glad Rag Doll" contest were announced today by Robert Sparks, manager of the Vernon theatre, who is sponsoring the contest in connection with the showing of the "Glad Rag Doll," featuring Dolores Costello, at the Vernon Theatre tomorrow and Saturday.

The entries consist of dressed dolls which will compete for various prizes, to be judged by the dresses. These dolls will be on display in the windows of Russell's Department Store Friday and Saturday, Mr. Sparks said.

First, second, and third prizes will be awarded the Vernon women and girls whose dolls are dressed the prettiest. First prize, going to the best dressed doll, will be \$5.00 in cash. A charming hand drawn silhouette of Dolores Costello will be awarded the second best dressed doll. Third prize consists of two pairs of tickets to any Vernon theatre show. Every contestant will receive a free pass to the showing of the "Glad Rag Doll."

SOCIETY

Mrs. James Pace Honors Bride With Entertainment

Mrs. James C. Pace entertained members of the 1926 Bridge Club Wednesday afternoon at her home on Wichita Street with a lovely party in honor of Mrs. E. M. Rogers, Jr., recent bride. Four tables were arranged about the home for bridge. At the close of the games, prizes were awarded to Mrs. Rogers for high score, and to Miss Kathryn Wheatley, who scored second high. Miss

Wheatley presented her gift prize to the honoree.

A personal shower of gifts were presented to the bride by the club members at the close of the afternoon. An orchid color scheme was featured by the hostess in the party appointments.

A delicious salad and ice course was served to the following: Miss Kathryn McCulloch, Miss Kathryn Wheatley, Miss Iris Young, Miss Christine Gregory, Miss Catherine Dodson, Mrs. D. D. Bourland, Mrs. Hugh Bourland, Miss Elizabeth Hicks, Miss Martha Long, Mrs. Quade Fain, Miss Doris Beger, Miss Sue Hiatt, Miss Chan Ricks of Lubbock, Miss Leta Williams, Mrs. Joe Lee Smith, the honoree, Mrs. Rogers, and the hostess, Mrs. Pace.

Mrs. Rogers was Miss Mildred Robertson before her marriage last week.

Parker P.T.A. To Meet in Call Session Friday

A call meeting of Parker School Parent-Teacher Association will be held at 4 o'clock Friday afternoon at the school, it was announced today. Important business matters will be transacted at the meeting and all members of the association are urged to be present.

Helping the Homemaker

BY MRS. ALEXANDER GEORGE

Celery Relish With Fish

Browned Fish Buttered Potatoes

Celery Relish

Bread Currant Jam

Apple Salad

Gold Cake Creamy Frosting

Coffee

Uncooked Celery Relish

12 cups chopped celery

4 cups chopped cabbage

1 cup chopped green pepper

1 cup chopped red pepper

1 cup chopped onions

1 quart chopped green tomatoes

1 cup salt

2 tablespoon mustard seed

1 tablespoon powdered cinnamon

2 teaspoons powdered cloves

3 cups sugar

6 cups vinegar

Mix the vegetables and salt and let stand over night. Stir thoroughly and add the rest of the ingredients. Pour into a jar and weigh down with a lid. After a week the relish will be ready to serve.

Gold Cake

(Using egg yolks left over from angel food cake)

1-2 cup fat

1 cup sugar

2 teaspoons lemon extract

1-4 teaspoon salt

1-2 cup milk

8 egg yolks, well beaten

2 1-2 cups flour

3 teaspoons baking powder

Cream the fat and sugar. Add the rest of the ingredients and beat for 3 minutes. This beating is important. Pour into 2 layer cake pans which have been fitted with waxed papers. Bake in a moderately hot oven for 2 minutes. Cool and frost.

Creamy Frosting

2 cups light brown sugar

1 cup water

2 tablespoons butter

1 teaspoon vanilla

Mix the sugar, water and butter. Cook, stirring frequently, until a soft ball forms, when a portion is slowly poured into a cup of cold water. Set aside for twenty minutes. Add the vanilla and beat until thick and creamy. Carefully frost the cake.

If the frosting thickens too quickly, add 1 tablespoon of cream and beat for 2 minutes.

Busby To Hold Church of Christ Revival Meeting

Elder Horace W. Busby of Fort Worth will open a revival meeting at the Church of Christ next Sunday, with Ben M. Taylor of Dallas, in charge of song services, according to announcement of Elder A. O. Colley, pastor, today. The revival team of Busby and Taylor are well known to Vernon people, having conducted a meeting last year.

It is planned to continue the services this year twelve days. A cordial invitation is extended the public.

TEXAS COMPANY TO ERECT STORAGE BUILDINGS HERE

Building permits amounting to \$7,519.50 were granted to the Texas Company yesterday to erect bulk storage stations here. Construction will begin immediately on three frame and iron-clad structures, according to the Keene Brothers, contractors for the Texas Company, and the work will be completed within 90 days.

Three buildings will be erected, the largest of which will measure 24 by 70 feet. The others will be 30 by 30 feet and an 8 by 12. They will be erected on Bowie Street at the intersection of McKinney.

Eat Everything without Fear of Indigestion

Are there lots of foods you can't eat—for fear of gas, bloating, pains in the stomach and bowels?

Do you have to pass up favorite dishes—while the rest enjoy them?

That's a sign you need Tanlac!

For more than 10 years Tanlac has restored to vigorous health thousands who denied themselves their favorite foods just as you have to.

Mrs. Albert B. Greer, 720 W. Markham St., Little Rock, Ark., says: "Since taking two bottles of Tanlac, I can eat anything without indigestion and put in a full day's work without a bit of trouble."

If you suffer from indigestion, gas, dizziness, headaches, constipation or torpid liver—give Tanlac a chance to help you! The first bottle often brings the needed relief.

Tanlac is a good, pure medicine, made of roots, barks, and herbs that are recognized by the United States Pharmacopoeia. Get it from your druggist today. Your money back if it doesn't help you.

Tanlac

Austin, Aug. 29.—(AP)—Judge George C. Calhoun, of the 53rd Travis County district court, has refused to accept a place on the Supreme Court Commission of Appeals.

Commission of Appeals.

Governor Moody offered him one of the two vacancies, but the veteran jurist said he did not care to serve.

The Governor indicated he had selected men for the places, but said they had not been approved by members of the Supreme Court, as yet, and he desired to place on the Com-

mission men who are acceptable to them.

WE DO AS OTHERS SAY

In our quest for our rights we frequently express the freedom we so highly prize. This is particularly true among the individuals who permit organizations to which they belong to dictate their attitude toward every issue that arises.

A representative incident occurred in Chicago recently. Brought before a committee for a resolution of the law, a man offered the plea that he had been instructed to do the act in question by his union and added, "I get it, do what the union says."

"I get it, do what the union says," the prisoner repeated.

This situation presents one of the greatest barriers to democracy. Unenlightened people too frequently are willing to allow others to do their thinking for them rather than make an effort to arrive at conclusions themselves.

This is particularly true of politics. Millions of people permit themselves to be swayed by prejudice and bigotry, often carefully developed by factional leaders, and democracy is defeated, because the voters frequently do not represent the choice of an enlightened people at the polls, but often times reveal the extent to which factional sentiment has thwarted fundamental aims of a people.

The average American is inclined to be willing to allow others to do his thinking and dictate his actions. Dependence influences is being extended each year. While the average resident may not be convinced that he must do what certain organizations command, he usually goes along and does just as if he did implicitly recognize its authority.

As a people, we have ceased to act

and assume problems and issues for ourselves. In the pursuit of what we choose to call our rights, in some respects we have surrendered where for more important. The tyranny of factionalism is a menace to the rights of a people as a community. In either case the will of the people is likely to be overruled and swept aside. We may not be conscious of it, but we are prone to do as others tell us.

WE NEED WATER

Those entrusted with leadership cannot give the serious consideration to proposals to make an adequate water supply available for Vernon. That the present system is only a temporary makeshift, all must admit, unless they are convinced that Vernon is not to grow in the future.

Yet we frequently hear the hope expressed that improvements in the present system will permanently solve the water problem. One must be optimistic to believe that a city's demand for water can be supplied with wells of no greater capacity than any made in the vicinity of Vernon, and likewise one has to look at things with a peculiar degree of optimism to hold the opinion that a city can be built with no other water supply than a number of wells. It is pretty certain that as long as we have a small town water system we will remain in the small city class. A city cannot exist without water, and the modern business men

of today who direct the organizations that make the biggest cities are not likely to locate in a community that depends on windmills to furnish the water. We have progressed very little beyond the windmill stage, it is needless to say that our water supply is a handicap, especially when adequate supplies are available in so many cities.

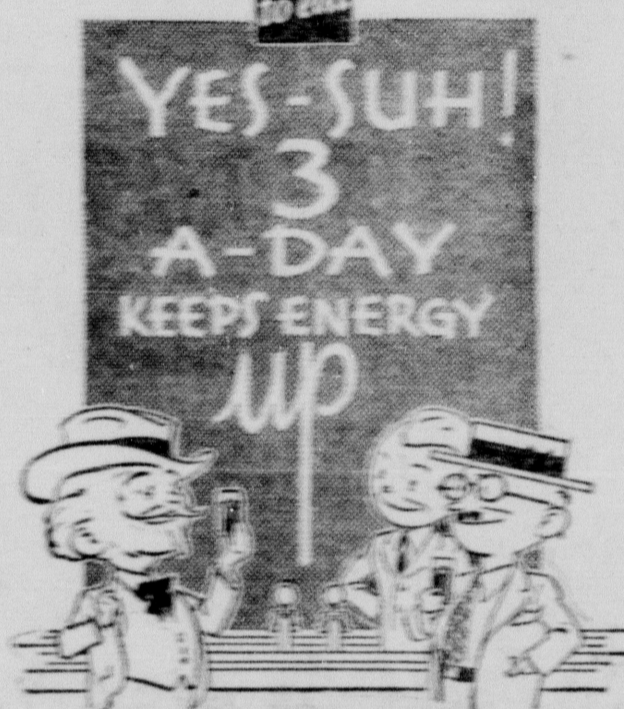

It may be that plans recently proposed, including one to supply a number of cities with water from the Plains, are not feasible. However, the Plains project has points to commend it to the people. As proposed, it would not entail a large bond issue.

Of course this means that the system would be operated as a utility. Some may favor this phase, but it should be remembered that any plan that will permanently solve the water question will entail a large expenditure, necessitating a big bond issue unless it is financed by private capital, as is proposed in this case.

However, whether this plan be feasible or not, concentrated efforts should be made to determine upon one that is practicable, and push it to completion. As it is now, Vernon not only does not have a water supply adequate for the future, but it does not know where and how this supply can be obtained. Almost all we can do is hope for the best.

VERNON BEATS NORTH SIDE CHAMPS BY 9 TO 6 COUNT

FARGO LEAD OF SIX RUNS IN FIRST FRAME IS OVERCOME BY LOCALS IN SEVEN-INNING FRAY

The Vernon All-stars, former Sunday school league players, won their fourth straight victory yesterday afternoon when they defeated the Fargo diamondmen 9 to 6 on the City Park field here. It was the second meeting of the teams. Last Thursday the Vernon team won a 9 to 1 game over the champions of North Wilbar County.

Overcoming a six-run lead which had been amassed in the first two innings, the Vernon team slugged right and left to triumph over the visitors. Emmett, Fargo flinger, was chased from the box in the third after he had permitted a quartet of tallies. Dunson finished the game and was hit quite freely. The fielding of the visiting team was none too good and several errors assisted in the Vernon scoring. J. K. Lankford went the route for the Vernon team, pitching a fair game to allow a minimum of hits after the first two innings.

Fargo took the lead from the first and apparently the game was ended after the first inning, with five runners crossing the plate before the home team had a chance at the bat. Lankford was hit freely in that inning and the scoring of his mates helped in the scoring.

Adair, Fargo third baseman, binged one to center field for a base to start the game. Richards, Fargo catcher, rapped in the direction of Rainwater at short, who let it get away. Coffee's single to left field scored Adair and Coffee went to second on the throw in. Blue, Fargo keystone, singled to right, scoring Coffee, after Richards had scored on a passed ball. Wall struck out as Blue stole second, and Phillips scored as a result of his double to center field, and Williams' error at third. Blue scored ahead of him. Woodwards and Dunson went out, Lankford to Dalmasso, to retire the side.

Rainwater singled to center to start the Vernon batting, but never passed second base. Shoemaker walked but was forced for the third out.

The last Fargo run came in the second when Dunson hit through the infield for a safely, advanced as Adair hit, went to third while Vernon was busy with a double play. Carney was busy with a double play, Carney to Rainwater to Dalmasso, to catch Adair and Richards, and crossed the plate when Coffee singled to center. Blue walked and stole second, but the side was retired before he could score.

Vernon started her rally when Bridges walked around the base track in the second, after getting off with a single to center. Willie Dalmasso walked and Rainwater walked. Carney was hit to force in Bridges.

Held scoreless in their third, the visitors permitted three runs in that frame, three more in the fourth, and a couple in the fifth. Shoemaker doubled, scoring on an error by Blue. Currin went to second. Sands singled and stole second, scoring with Currin on Lankford's single. In the fourth, Williams was hit, advanced on Adair's error as Shoemaker went to first, and scored on Phillips' error. Currin was safe on the latter break and scored behind Shoemaker on a couple of sacrifice blows by Sands and Bridges.

The slugging Sunday school leaguers hit hard to run in a couple of tallies in the fifth. A brace of errors aided in the scoring. The sixth and seventh were quiet with a few scattered hits. Both teams played tightly to prevent further runs.

FIGHTS LAST NIGHT

Fairview, N. J.—Dr. Ludwig Haymann, Germany, knocked out Ray Thompson, Seattle, (3).
Copenhagen, Denmark—Panama Al Brown, outpointed Knud Larson, Denmark, (10).

Cleveland—Johnny Datto, Cleveland, outpointed Andre Routis, world featherweight champion, (10). (non-title).

Milwaukee—Davie Maier, Milwaukee, knocked out Billy Peterson, Detroit, (1). Mike Rogall, Omaha, outpointed Chief Elkhart, Chicago, (8).

Benton Harbor, Mich.—Sammy Price, Benton Harbor, outpointed Al Kline, Cleveland, (10).

Potoskey, Mich.—Sammy Mandell, world light weight champion, stopped Frankie Frisco, California, (3).

LIONS TO START TRAINING TODAY

EQUIPMENT WILL BE ISSUED TO CANDIDATES FOR FOOTBALL TEAM

Preparations for Vernon High School's gridiron campaign will be launched today when fifty or sixty candidates line up to receive new equipment and initial instructions regarding the program for the approaching season. Coaches W. C. Weir and Ralph Binnion will form the first defensive line when they meet the onrush of eager gridsters at the door of the store room at 4 o'clock this afternoon. Most of the afternoon will be occupied with the fitting of new uniforms, shoes, and helmets, but before darkness shrouds the practice field at the high school the cleats of heavy footwear shall have dented the carefully prepared hillside.

Among the football-hungry crowd that will assault the coaches with bids for uniforms this afternoon will be ten veterans who know what it means to wear the V. Around these old heads will revolve the hopes for the district title, for they will form the foundation of the team that must overcome teams that at present appear to offer the toughest assignments that have come to the Vernon team in recent years.

While other schools boast of weight and strength, Vernon's hopes will depend largely on the speed of its battlers. The average weight of the 1929 team has been estimated at 145 pounds, judging from the material that remains from the 1928 season. Unless an abundance of weight is carried by new material that might possibly find places in the Vernon lineup, the team will be light.

Letter men who will report for equipment this afternoon will be Roy Rodman, Bill Price, Vernon Manis, Clifford Bowden, Sam Parker, Beck Lawrence, John Gelhausen, Emmett Crawford and Hubert Baird. Rayford Thomas, the tenth letter man, may not report today but will be on hand by the opening of school.

With their first game 22 days away, the Lions will be given intensive practice during the nine days that remain before the opening of school. Coach W. C. Weir has not announced his training program, but has stated that light workouts this week will precede a season of stiff practice next week.

The schedule for the 1929 season has been announced as follows: Sept. 20, Frederick, Okla., at Vernon.

Sept. 28, Quanah at Vernon.

Oct. 4, Grandfield, Okla., at Vernon.

Oct. 11, Pampa at Vernon.

Oct. 18, Gould, Okla., at Vernon.

Oct. 25, Open.

Nov. 2, Wichita Falls at Wichita Falls.

Nov. 11, Amarillo at Vernon.

Nov. 16, Plainview at Plainview.

Nov. 23, Lubbock at Vernon.

Nov. 28, Electra at Electra.

COMPANY DENIES URGING CONTRACT REPUDIATION

Washington, Aug. 28.—(P)—The Fairbanks Morse & Company, electric light plant manufacturers, denied in a brief filed today in the Supreme Court they had induced repudiation of contracts between utilities firms and customers as charged by the Texas Power & Light Company and the Texas Public Service Company.

The utilities companies were unsuccessful in the lower court in their application for an injunction to prevent the manufacturing firm from interfering with their business of supplying electric current to Seymour, Commerce and other Texas cities, and appealed to the highest court for a review of the case.

The companies asserted the Fairbanks Morse Company had "entered into a conspiracy" to have municipalities purchase power plants from them during term of contracts with the utilities firms.

Minister to Probe Courtships.
New York, Aug. 29.—(P)—Says the society editor of the New York American in his column today: "The shepherd of one of the richest and most prominent of the Fifth Avenue congregations confided to me that in the future he planned to investigate each romance before agreeing to tie the nuptial knot and if there is the slightest doubt in his mind as to the ultimate success of the union, he will decline to officiate."

CUBS DEFEATED BY PIRATES IN DOUBLE HEADER

Connie Mack Rights Fortune of Athletics Once More But Is Forced To Call on Bob Grove To Clinch Decision Over Yankees.

(By the Associated Press)
The demise of the Pirates was prematurely announced, according to no less an authority than Joseph V. McCarthy himself. The keeper of the Cubs takes oath the Buccaneers not only were alive as recently as yesterday but also were raiding the country in about Forbes Field where it was unsafe for peaceable folk to go about their business.

The Bruin band tripped into Pittsburgh yesterday faced by the purely routine task of going through with five games of ball against a foe already fallen. The surprise of the invaders knew no bounds when the home defenders took not one decision, but two, in the skirmish which marked the opening of this happy party.

Playing their first game under the management of Jewel Ens, successor to Donie Bush, the Pirates lapped Perce Lay Malone for fourteen hits and ten runs in seven innings to win by 10 to 3 after Kiki Cuyler's homer had given the Cubs a 3 to 1 lead over Burleigh Grimes in the third. The Cubs dashed into a lead of 6 to 2 in the seventh round of the nightcap on Rogers Hornsby's thirteenth home run. In the home half, however, the Pirates assaulted Ken Penner for three runs and continued the bombardment in the eighth for two more to win 7 to 6.

Connie Mack righted the fortunes of the Athletics once more, but he had to call upon Bob Grove to clinch a 9 to 7 decision over the Yankees at the stadium on the Harlem. Walberg and Quinn had been roughly used and Eddie Rummel had been removed for a pinch batsman after one good inning. Grove got nothing but the exercise as the game was won by a five-run rally in the seventh before he entered it, forcing the credit upon Rommel.

The Senators rallied at the end to defeat the Red Sox by 7 to 4 in the second and final game of the short series in Washington. Walter Johnson's men took both.

Boston at Philadelphia.
Detroit at St. Louis.

MAJOR LEAGUE LEADERS

(By the Associated Press)
Including games of Aug. 28.
National: Batting—Herman, Robins, 405.
Runs—Hornsby, Cubs, 122.
Hits—O'Doul, Phillies, 184.
Doubles—Frederick, Robins, 42.
Triples—L. Waner, Pirates, 15.
Homers—Klein, Phillies, Wilson, Cubs, 33.
Stolen bases—Cuyler, Cubs, 33.
Pitching—Bush, Cubs, won 18, lost 3.

American: Batting—Fox, Athletics, 374.
Runs—Gehring, Tigers, 109.
Hits—Simmons, Athletics, 123.
Doubles—Simmons, Athletics, 175.
Triples—Miller, Athletics, 14.
Homers—Ruth, Yanks, 26.
Stolen bases—Gehring, Tigers, 21.
Pitching—Grove, Athletics, won 15, lost 4.

Brookline, Mass., Aug. 29.—(P)—Big Bill Tilden and Frank Hunter today faced the greatest test in their quest for the national doubles tennis championship, a title they won two years ago. The fortunes of the draw forced them to clash in a semi-final match with George M. Lott, Jr., of Chicago, and Johnny Doeg of Santa Monica, Calif., the team that kept them out of last week's final bracket at Newport, R. I., by subjecting them to a crushing straight set defeat.

The other semi-final match this afternoon is Berkeley Bell and Lewie N. White, Texans, and W. F. Coen, Jr., of Kansas City, and Harris Coggeshall, Des Moines, Iowa.

Bill is Turned Down.
Washington, Aug. 29.—(P)—Harry R. Guggenheim, wealthy member of the national advisory committee for aeronautics, had an idea that Uncle Sam owed him \$53.14, but Comptroller General McCarl has decided otherwise. An expense bill for oil and gas used by a private plane that took Mr. Guggenheim from New York to Washington and back for the committee's first meeting has been disallowed. Mr. McCarl can stand for only \$36.38, the train fare.

Beach Is Spoiled.
Newport, R. I., Aug. 29.—(P)—Horrid Father Neptune! He has fired a lot of garbage up on Bailey's Beach, where the real elite go bathing. The city fathers have ordered that dumping be farther out at sea.

BOBBY SMACKS PAR IN ROUND

ATLANTA FLASH HANGS UP COURSE RECORD IN PRACTICE PLAY

Del Monte, Calif., Aug. 29.—(P)—Bobby Jones, national amateur golf champion, will try his clubs out on a different course here today when with Francis Ouimet, Roger D. Lapham, president of the California Golf Association, and Harry Lapham of Boston, he will stroke the Cypress Point links.

The Georgie Marvel, in training for the defense of his title at the national event which opens at the Pebble Beach course here Monday, expected to find tough going at Cypress Point where a hook or slice puts the player in sand or rough that is without equal on this peninsula.

Bobby, trailed by a gallery of some 3,000 fans, slapped old man par down for two strokes at Pebble Beach yesterday in a foursome with Cyril Tolley, British Star, Phillips Finlay of Redlands, Calif., and Francis Brown of Honolulu. The champion shot an even 70. The course par is 72. He also set a record for the remade course, the previous best official mark being made by Johnny McHugh, California champion.

Woman Golf Star Is Eliminated in Western Tourney

Cleveland, Ohio, Aug. 29.—(P)—The skirmish for the women's Western golf championship bounded into the quarter-final round today, but the twice defending titleholder, Mrs. Leona Pressler of Los Angeles and Virginia Van Wie of Chicago, one of America's first ranking stars, were missing from the fray.

Both were eliminated yesterday in a pair of the most stunning upsets of a decade of tournament competition, the champions falling before Mrs. Lee Mida, the Chicago veteran, 2 and 1, and Miss Van Wie dropping before the steady fire of 16-year-old Rena Nelson, little Chicago sharpshooter, one up.

The upsets turned the championship fight into a free-for-all between the eight survivors—Mrs. O. S. Hill of Kansas City, Mrs. Gregg Lifer and Kathleen Wright of Los Angeles, Mrs. Harley Higbie of Detroit, Bernice Wall of Oshkosh, Wis.; Peggy Wattles of Buffalo, western New York champion; Mrs. Mida and Miss Nelson.

SPUDS HOLD SLENDER LEAD BY DRUBBING INDIANS, BUT BUFFS ALSO HANG UP A WIN

(By the Associated Press)
James Lindsey pitched his ninth shutout of the season yesterday at the expense of the Dallas Steers and kept the Buffs very much in the second half pennant hunt. When Jim got through with the first half champs, they had accumulated just five hits and were on the short end of a 4 to 0 score.

As the result of the big twirler's twentieth triumph, the Bisons were able to square their series with the Mavericks and remain two games behind the Spudders, who continued to wax fat in the San Antonio orchard by licking Pat Newman's shocked troops, 8 to 4. It was the Spudders' third straight victory after dropping seven out of their first nine starts on the road.

There is little chance of the Oilers being caught again before they start back from their southern junket. After completing the San Antonio series today, Galloway's club will engage the Cubs at Waco for three. The team's big guns are fond of the narrow confines of Katy Park. Houston, meantime, will find the Shreveporters very, very tough.

The Exporters, wreckers of pennant hopes, held the Sports at a standstill by taking half of their double bill. Three Sport chunkers gave up seven hits in the first game while Denny Burns was allowing four to win, 3 to 1. Cashion, Sport right fielder, gave his team a 4 to 2 verdict in the nightcap by bouncing a homer with one aboard in the fifth inning.

The Cubs were forced to stage a five-run rally in the last of the ninth to whip the Cats and square their series, 7 to 5.

Mexico Will Try Football as One of Major Sports

Mexico City, Aug. 29.—(P)—The effort to introduce the American brand of football into Mexico has another enthusiastic supporter, President Portes Gil. The President, devoted half an hour yesterday to a discussion of the game with Reginald Root, Yale line coach, serving for three months as mentor of the University of Mexico eleven, and ended by promising to attend the University's next game here.

Portes Gil, a sports enthusiast, said he was highly pleased Mexican University boys have taken up intercollegiate football and expressed gratification to all authorities for allowing Root to come to Mexico. The President said he hoped the time would come when the University of Mexico team would be able to play American college teams.

DOPE FAVORS MIDLAND IN WEST TEXAS PLAY-OFF

Coleman, Aug. 29.—(P)—Each winner of a half of the split season, Midland and Coleman, meet here this afternoon in the first game of the play-off series for the West Texas League championship.
Its offensive power considered the greater, the Colts of Midland had been installed as slight favorites.
Blake and Gene Moore, lefthander, probably will do most of the pitching for the Colts while the Bobcats are expected to feature Kowalik, who leads the circuit in percentage victories. Hinson, Halbert, Myers and Harris likewise are reliable.

The battle is scheduled to go 12 rounds, starting at 10 p. m., Eastern Daylight Time.

THE DOVE SHOOTING SEASON OPENS MONDAY, SEPTEMBER 2nd

Moody Veto May Cut Women Off State Payrolls

Austin, Aug. 29.—(P)—Labor Commissioner Charles F. McKemy was requested Wednesday by R. B. Walthall, chairman of the state board of control, to inspect eleemosynary institutions with a view of suggesting how the law which prohibits female employees from working more than 54 hours weekly can be complied with. At least 200 women workers face the prospect of being removed from

the state payroll September 1 as a result of vetoes by Governor Moody in the eleemosynary bill, Walthall said. This step would force superintendents of the institutions to change from 8 to 12 hour shifts in violation of the law. An attempt was made to use maintenance funds for payment of workers' salaries, but Attorney General Claude Pollard held recently the gesture could not be taken. Prosecution of eleemosynary superintendents was threatened two years ago by McKemy if women were employed in violation of the 54-hour statute, but the Labor Commissioner has not indicated if he will follow a similar course this year.

Brief News From the Oil Fields

The Easter Oil Company's A-6 has an oil sand from 2,366-2,389 feet, and is swabbing. No test has been made. The well is located in section 26, block 4, H. & T. C. survey.

Empire Oil Company's A-10 is waiting on a Star machine to drill into sand picked up at 1,895 feet. It is located in section 32, block 4, H. & T. C. survey.

Empire Oil Company's C-12 has a small show of oil at 2,588 feet. It is located in section 25, block 4, H. & T. C. survey.

Swabbing 103 barrels in twelve hours, Fain & McGaha's W-17, located in section 32, block 4, is showing for a good producer. It has the sand at 2,311 feet.

Simpson & Fell are waiting on cement to set in A-2 preparatory to drilling into the sand encountered at 2,663 feet. The well is located in section 36, block 4.

Golding & Cochran are cleaning out and swabbing J-2, located in section 17, block 4. It swabbed 200 barrels a day from a sand at 2,441 feet.

Lewis Oil Company's A-8 is swabbing from a sand encountered at 2,390 feet. It is located in section 18, block 4.

E. P. Waggoner No. 2 is swabbing a sand at 2,452 feet, located in section 18, block 4, H. & T. C. survey.

Operations are to be resumed at once in the Hemisphere Oil Company's No. 1, R. L. Castlebury, section 67, block 14, H. & T. C. survey. The well has been shut down in the vicinity of 2,100 feet.

Lion Oil & Refining Company's wildcat A-1, located in section 28, block 4, H. & T. C. survey, is drilling at 1,100 feet.

The Derby Oil Company's G-1, located in section 8, block 4, is drilling at 2,365 feet.

"I Will Praise It as Long as I Live"

IOWA PARK WOMAN ADVISED BY
RELATIVES TO TAKE ORGATONE
GAINS DAILY

"My brother-in-law never did me a greater kindness than when he gave me a bottle of Orgatone, for now I am feeling like a different woman," said Mrs. M. A. Whitaker, residing near Iowa Park, Texas, who is the wife of a well known farmer.

"I was troubled for about six months with a disordered stomach and was in such a low-spirited run-down condition my life was made miserable," she continued. "I had no appetite and what I did eat caused me more harm instead of nourishing and doing me good. I was so nervous and had severe headaches, so bad I never rested well and would wake up in the morning all tired and worn-out and hardly able to get up."

"When my brother-in-law told me about the good Orgatone had done him and gave me a bottle, I decided to try it. Before I had finished my first bottle I felt like a different person, and my troubles began leaving me. I will praise Orgatone every day just as long as I live and I am telling all my friends about it."

Genuine Orgatone is not a so-called secret or patent remedy, but a new scientific preparation and is sold in Vernon exclusively by the Vernon Drug Store, under the personal direction of a special Orgatone representative.

der bond today, following their arrest at the final curtain last night. They were charged with staging an "indecent and lewd exhibition."

Patrons of the show, who witnessed the rush of detectives from the audience to the stage, applauded the action, believing it to be a clever finale.

Eight players, the stage manager and author, were taken to the police station where they gained release on \$500 bail each.

Those taken into custody were Joseph Williams, Arthur Rankin, Marvin Williams, Marjorie Montgomery, Norman Peck, Elinor Flynn, Annette Jethay, Dario Shindell, all performers, and Frank Jennings, stage manager, and George Scarborough, author.

Lloyd Nix, city prosecutor, who ordered the arrests, said he had received many complaints against the show which was billed as a "comedy drama of modern life." The play was built around the intrigues of a group of high school boys and girls and the complications which resulted when a society woman fell in love with one of the boys.

The show was suspended pending the outcome of a hearing.

Experts To Visit Experiment Farm Near Chillicothe

Quannah, Aug. 29.—The Government experiment station located in the southeast part of Hardeman County will be visited about Sept. 10 by a group of agronomists and extension workers from several states, following a convention scheduled to be held at Hayes, Kan., on Sept. 8. The object of the meeting is for detailed study of grain sorghums. The Chillicothe station has developed several hybrids which are recognized as especially drought resisting and desirable for planting in West Texas, New Mexico, Western Kansas and Oklahoma where rains are not always sufficient and seasonal.

The conventionists will tour through Kansas, Oklahoma, New Mexico and portions of West Texas and the Panhandle. They will visit Spur and Lubbock. At the Chillicothe station a chicken barbecue is to be served.

The Texas extension workers who will attend the convention at Hayes, Kan., are A. B. Conner, director of extension service, A. & M.; R. E. Karper, vice director; P. C. Mangelsdorf, plant agronomist, College Station; D. L. Jones, superintendent, Lubbock station; J. R. Quinby, Chillicothe station superintendent; J. L. Stevens, junior agronomist, Chillicothe station; Roy E. Dickson, superintendent experiment station No. 7, Spur.

GILBERT DAMAGE SUIT IS POSTPONED AGAIN

The suit in which W. W. Gilbert is seeking \$65,000 in damages from city officials in connection with his dismissal as Vernon police chief, scheduled for trial Wednesday, was passed and will be heard sometime during the week of September 9-14. No definite date was fixed, but it was indicated after a conference of

Germans Try Out Heavy Oil Motor in Long Flights

Dessau, Germany, Aug. 29.—(AP)—Heavy oil may be destined to revolutionize the aircraft industry, if the experiments conducted by the Junkers works continue to yield as satisfactory results as are being achieved in the initial stages.

Prof. Hugo Junkers has devised a Diesel airplane motor which uses heavy oil instead of benzine. This "juice" is much cheaper than benzine, and more economical, and has the further advantage of not being highly inflammable. Explosion such as so frequently occur when a gasoline-driven plane makes and unfortunate forced landing are believed to be impossible in the case of Diesel motors. The Junkers Diesel motor already is so far perfected that duration flights have been undertaken with a large monoplane. Eight hours continuous flying is the record thus far achieved.

How economical the use of heavy oil may be judged by the fact that the Diesel motor consumed 180 grammes of heavy oil per horsepower per hour as compared with 280 grammes for the benzine or benzol driven motors. In other words, Prof. Junkers believes he has demonstrated that a plane equipped with a Diesel motor has a radius of action 25 per cent greater than that of a benzine driven motor of equal strength.

The problem of carrying enough fuel has always been the chief difficulty in planning long flights. Hence aviation engineers have evinced great interest in the Diesel motor experiments.

CHILICOTHE TURNS DOWN WATER SUPPLY PROPOSAL

Chillicothe, Aug. 29.—Mayor A. F. Thurman of Chillicothe was recently presented with a proposition by city officials of Quannah and an engineer representing a water company whereby water would be piped from the plains country to several towns situated along the Denver railway. The mayor did not accept the proposition owing to the fact that Chillicothe has an abundant supply of water testing 98 per cent pure. A water shortage has never been known in

AND TROMBONE BARGAINS.

Chillicothe. There is plenty for watering the lawns, trees, and gardens, and besides furnishing the population of the city, the Orient railroad has a tank located here and takes water from the city wells day and night. The Denver railroad has a deep well located just a short distance from the city wells and receives its supply from the same stream. The mayor stated that it is entirely out of the question for Chillicothe to sell the waterworks system here and join with other towns in the project.
